

Lug 5, 1962.

Dear Elizabeth and Bill,
I am sorry that I haven't
answered your very kind letter
of March 10 much earlier. I have
spent two weeks in Sweden, over
Easter, partly in Sundsbruk and
partly in Tyresö and in
Stockholm - and there wasn't
much calm for writing letters.
My boys wanted me to check
up on my health and this
took up some time. The results
are not all in, but the only
thing which might have been bad
- a malignity in the prostate has
been proved to be out. My heart
is in excellent shape, and I am
happy that I have plenty of
work, - and that I can do it.
Many thanks for the signatures.
These will be important adjuncts
to the two excellent Kodakrome
enlargements, which will get
their place of honor in our

library.

Margareta will arrive here to-morrow morning, and you will understand that this makes me very happy, we will go to Minneso on the 7th.

Now please take good care of yourself - both of you!

I am sending you my very best wishes, and I do hope to hear from you soon again.

Affectionately

Forde
